DETAILED ACTION

Allowable Subject Matter

1. The following is an examiner's statement of reasons for allowance: the present claims are allowable over the prior art of record as the prior art fails to reveal or fairly suggest the non-aqueous electrolytic solution comprising, inter alia, the specific constituents including specific organic compounds and solvents, and their composition. In addition, the non-aqueous lithium secondary battery is not taught. For example, Negoro et al'459 and Yamaura'744 do not disclose this feature.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Raymond Alejandro whose telephone number is (571) 272-1282. The examiner can normally be reached on Monday-Thursday (8:00 am - 6:30 pm).
